FIRST QUARTERLY RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 31 MARCH 2012

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors of China Bio Cassava Holdings Limited (the "Company") collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM for the purpose of giving information with regard to the Company. The directors of the Company, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

4. INCOME TAX EXPENSE

No Hong Kong profits tax has been provided in both periods as the Group did not generate any assessable profits arising in Hong Kong during the three months ended 31 March 2012 (three months ended 31 March 2011: Nil).

No profits taxes have been provided for the subsidiaries which are operating outside Hong Kong during the three months ended 31 March 2012 as these subsidiaries have not generated any assessable profits in the respective jurisdictions (three months ended 31 March 2011: Nil).

However, deferred tax assets have not been recognised as it is uncertain whether sufficient future taxable profits will be available for utilising the accumulated tax losses. The tax losses of the subsidiary which is operating in the PRC can be carried forward for five years and tax losses of the companies within the Group which are operating in Hong Kong will not be expired under the current tax legislation.

5. LOSS PER SHARE

The calculation of the basic loss per share attributable to the owners of the Company is based on the consolidated loss for the three months ended 31 March 2012 attributable to the owners of the Company of HK\$2,017,000 (three months ended 31 March 2011: HK\$1,515,000) and the weighted average of 8,203,300,000 (three months ended 31 March 2011: 8,203,300,000) ordinary shares of the Company in issue during the periods.

Diluted loss per share for the three months ended 31 March 2012 and 31 March 2011 is not presented because the existence of outstanding share options and warrants during the periods have anti-dilutive effect on the basic loss per share.
