FIRST QUARTERLY RESULTS ANNOUNCEMENT FOR THE THREE MONTHS ENDED 31 MARCH 2015

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors of China Bio Cassava Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM for the purpose of giving information with regard to the Company. The directors of the Company, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

1. GENERAL INFORMATION

The shares of the Company are listed on the Growth Enterprise Market (the “GEM”) of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The Company acts as an investment holding company. The Company and its subsidiaries (collectively referred to as the “Group”) are principally engaged in the computer software and embedded systems development, sales and licensing of the software and systems, development of biotech renewable energy and the provision of financing services. There were no significant changes in the Group’s operations during the three months ended 31 March 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair value, and in accordance with accounting policies set out below which are in conformity with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). In addition, the unaudited condensed consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “GEM Listing Rules”) and by the Hong Kong Companies Ordinance (Cap. 32).

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2, leasing transactions that are within the scope of HKAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 or value in use in HKAS 36.

No deferred tax assets have been recognised as these subsidiaries have been loss making for several years and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

5. LOSS PER SHARE

The calculation of the basic loss per share attributable to the owners of the Company is based on the consolidated loss for the three months ended 31 March 2015 attributable to the owners of the Company of approximately HK\$2,388,000 (three months ended 31 March 2014: HK\$18,830,000) and the weighted average of 2,482,150,000 (three months ended 31 March 2014: 2,480,900,000) ordinary shares of the Company in issue during the periods.

Diluted loss per share for the three months ended 31 March 2015 and 31 March 2014 is not presented because the existence of outstanding share options during the periods has anti-dilutive effect on the basic loss per share.
